The adjustable frame for a great appearance

Display

The Display is best suited for mobile or permanent use outdoors. The frame is made of anodized aluminum tubes and cast aluminum joints, no corrosion! The frame is reusable, the advertising space can always be replaced!

The Display is robust, user friendly and quick to set up. It is well suited for mobile use on construction sites, political and other events and also permanent for car dealers, shopping centers or any company signs.

Display

A choice of ground fixings compliments the offer as follows:

Indoors:

Round or square base plate, car wheel base

Outdoors:

Ground tube, screw anchor, car wheel base, concrete base
37/77 kg

Technical Data: Display

The frame is made of anodized aluminium tubes of Ø 60/2 mm or Ø 45/2 mm. Sizes on request.

Maintenance:

The Display requires no maintenance.
