Triflag

fresh advertising at eye level!

Triflag

The Triflag provides moving advertising at eye level. The Triflag three-fold flag stand is best suited to mobile and permanent use both indoors and out. Effective for advertising, the Triflag is perfect for trade-fairs, garages, car dealerships, shopping centers and much more. The extraordinary, compact flag picture carries its advertising message in all directions at once.

The Triflag is sturdy, durable, user-friendly and quick to set up. The solid aluminum rotating head with the three arms turns the full 360° on its own axle and is visible to spectators at all times from all directions. As the length of the

Triflag

main pole is only 3 m, the Triflag is practical to transport. The main pole is colorless anodized and all accessories are made of aluminum.

The Triflag with 3 arms is suitable for flags with a maximum size of 80 x 250 cm. Included in the set are a special counterweight and flag tubes for lengthwise fixing of the flag to the flagpole.

To fix this attractive three-fold flag to the ground, we supply a stylish 77 kg concrete base with a suitable galvanized mount.

Technical Data: Triflag

Flagpole	Diameter	Weight	Pack Length
3 m	45 mm	85 kg (inc. concrete base)	3 m (Flagpole) / Palette 80*80 (concrete base)

The Triflag is aluminum, colorless anodized (silver grey).

Maintenance:

The Triflag requires no maintenance. Replace flags regularly.
